

# City Park

We are currently in the process or remodeling the main restrooms at the city park beside shelter #1. This remodel could run through the end of May.

City Park is the host to many adventurous days for friends and family in the Bluefield Community. The park has plenty of green space, a playground area, picnic shelters, mountain bike trails, the Ridge Runner train, basketball and tennis courts, and shelter rentals. **With the exception of the Holiday of Lights, the park is closed to vehicle traffic from October through March.** The public restroom facilities do not open until May 1st.

**Rental Hours - 10AM - Close**

Note: We do not give refunds for no-shows, cancellations, or misses due to weather, illness, or any other reason.
